

## **REMARKS**

In the Notice of Allowance dated November 12, 2010, Applicant noted that claims 18, 20, 21, and 52 contain certain typographical and/or antecedent basis errors. In this amendment, claims 18, 20, 21, and 52 are amended to correct these typographical and/or antecedent basis errors. Applicant has not added to or changed the scope of the allowed claims. Applicant also noted that the Cross Reference to Related Applications section contains a reference to an International PCT application by application number which has been published. In this amendment, the specification is amended to include corresponding publication number for such reference. No new matter has been added. Applicant requests that the above amendments be entered pursuant to 37 CFR §1.312.

### **1. Why the amendment is needed**

The Amendment is needed to correct certain typographical and/or antecedent basis errors in some of the claims.

### **2. Why the proposed amended claims require no additional search or examination**

The Examiner has already stated in the Notice of Allowance that all of the claims as provided are allowed. The Amendment does not introduce new subject matter and correcting the typographical and/or antecedent basis errors in some of the claims does not change the scope of the claims and therefore requires no additional search.

### **3. Why the claims are patentable**

The Examiner has already stated that the claims as provided above are allowable. Applicant has not added or changed the scope of the allowed claims. Therefore, the claims are patentable.

**4. Why the claims were not presented earlier**

Upon receiving the Notice of Allowance, Applicant recognized some of the claims require amendment to correct certain typographical and/or antecedent basis errors. Therefore, this amendment is being submitted in compliance with §1.312.

## CONCLUSION

In view of the foregoing, Applicant respectfully requests that the amendments as provided above be entered pursuant to §1.312. Applicant has submitted all known required fees and petitions. Accordingly, Applicant believes that no additional fees, petitions for extensions of time, other petitions, and/or other forms of relief are required for the submission of this Amendment. However, in the unlikely event that the Commissioner determines that additional fees, petitions for extensions of time, other petitions, and/or other forms of relief are required, Applicant hereby makes such petitions as are required, requests such extensions of time and other forms of relief as are required, and authorizes the Commissioner to charge the cost of such petitions for extensions of time, other petitions, and/or other forms of relief to Deposit Account No. 50-3804, referencing **CABH.P0004**.
